Dear Mr. Haddad,

Thank you for your letter of December 28 which arrived here at the opening of 1974 to remind me of my letter to you of August 9, 1973.

Do you have to have a specific date far ahead of time [in order to print up your programs]? I ask this with the thought that although I don't see any business taking me to the West Coast in April or May, it might in September.

Sincerely,
